Itinerary summary:

Day 1: Arrival in Hong Kong

Arrive at Hong Kong airport, where guests will be greeted by their driver and taken to the hotel. If the schedule allows, we love to recommend joining the Symphony of Lights tour in Victoria Harbour. Sit back and relax on the boat as the sky erupts into an extravaganza of lights, fireworks, lasers and projections. This is the world's largest permanent light and sound show, with 42 buildings participating in the illumination set to music from the Hong Kong philharmonic orchestra.

Day 2: Hong Kong Island Tour

Take the peak tram up to the highest point of Hong Kong – Victoria Peak. From here, admire the view of the iconic city below. Climb down from the clouds and head to Aberdeen Fishing Village where wooden sampans and junks float amid yachts and surrounded by skyscrapers. End the tour with a trip to a jewellery factory before heading to Stanley market to browse the stalls.

Day 3: Kung Fu and Hong Kong Cuisine – Walking Tour

The day will begin with a practical demonstration of Wing Chun, a style of close-combat Kung Fu developed by Shaolin Monks in the 18th Century. After trying out the martial art made famous by the legendary Bruce Lee, enjoy visiting one of the oldest eateries in Hong Kong, Mido Café. This charming café – built in the 1950s – has become something of an institution after featuring in various movies and TV shows. Enjoy a light and delicious snack that is traditional to the region. The afternoon is completed with a trip to a pre-WW2 theatre in Kowloon, a market visit, and stop by a Chinese embroidery shop to learn about traditional wedding dresses.

Day 4: Departure

Transfer to Hong Kong airport for departure.
