BALI (INDONESIA)

Environmental Program

6 DAYS / 5 NIGHTS - SAMPLE ITINERARY

Instilling a passion for impactful environmental work

This tour's central focus is about understanding and giving back to the environment of Indonesia. A place of exceptional natural beauty known for its tropical appeal, one of the country's main challenges is preserving that beauty.

During this incredibly meaningful itinerary, students help out local farmers on a Balinese rice field, receive an introduction to Seaweed Agriculture Education with a lesson in harvesting, replanting and drying seaweed, engage in a beach clean-up, and spend time in the Eco Park at Nusa Dua, learning about composting, planting seedlings and planting trees.

Designed to leave a lasting impression, this tour teaches students the value of appreciating and protecting the nature of destinations they visit, as well as their own homes.

The group will stay at **mentioned hotel**

A single supplement will be charged if anyone wants to stay in a single room

Meals as mentioned

Local English-speaking guide

Tours and transfers as mentioned with AC vehicle

Service charge and current government tax

TRIP EXCLUSIONS

VISA and international flights

Expenditure of a personal nature

Travel insurance (compulsory)

DAY 01

ARRIVAL - KUTA HOTEL - WELCOME DINNER (D)

Upon arrival, your guide will be waiting and transferring you directly to your hotel in the Kuta area.

Welcome dinner will be ready at a local restaurant.

Meals: Dinner

Accommodation: Holiday Inn Express Kuta (Standard) or similar

DAY 02

CREATIVITY & CULTURE: BALINESE DAILY ACTIVITY EXPERIENCE WITH RUMAH DESA (B, L, D)

Bali's natural beauty never ceases to amaze. After breakfast, explore some of Bali's best-untouched landscapes.

The first destination of this trip is Taman Ayun, a royal Hindu temple set amidst the lush scenery. Journey to Rumah Desa, where the discovery continues with palm readings for all and a hike through the rolling countryside. Next, spend some insightful time in the heart of a Balinese rice field, farming crops alongside the farmers and water buffalos.

Enjoy a hot, delicious lunch and a relaxing afternoon exploring the beautiful surroundings, including a stop at Jatiluwih to observe the breathtaking views of expansive rice fields.

Lastly, stop at Tanah Lot Temple to watch the remarkable sunset panorama.

Enjoy dinner and overnight accommodation in Kuta.

Learning objectives:

- Expand knowledge of the history and culture of Indonesia with a visit to a Hindu temple
- Gain insight into the life and practices of local farmers
- Enhance the collaboration and creativity of students through activities on the rice field

C-A-S feature

Creativity: Learn how rice is grown on Bali's famous rice fields

Meals: Breakfast / Lunch / Dinner

Accommodation: Holiday Inn Express Kuta (Standard) or similar

DAY 03

ACTIVITY & CREATIVITY: SEAWEED PROJECT AT NUSA PENIDA (B, L, D)

Travel to the sleepy, unspoiled village of Semaya to speak to local seaweed farmers on the ocean shore and spend a full-day learning about their farming practices. Here, you will begin the day with Seaweed Agriculture Education, where you will learn to harvest, replant and dry seaweed.

After lunch, you will move on to a soap-making workshop, during which you will learn how to make soap or beauty products from seaweed.

Objectives:

- Promote sustainable use of marine and coastal resources
- Learn about the role of farming seaweed as a means of subsistence
- Get insight into the occupations of local people in a developing and tropical country
- Learn how to make soap in a sustainable way

After completing the activity, you will be transferred to the harbour, crossing to mainland Bali.

In the evening, dinner will be served at a local restaurant.

C-A-S feature

Creativity: Learn about seaweed farming and how to make products like soap from seaweed

Meals: Breakfast / Lunch / Dinner

Accommodation: Holiday Inn Express Kuta (Standard) or similar

DAY 04

CREATIVITY & SERVICE: BEACH CLEAN UP AND FUN LEARNING WITH CTC (B, L, D)

This **Fun Learning Day** program is aimed at teaching basic knowledge about the ocean and marine life, and why and how they can be protected. Students will gain insight through direct interaction within the community/coastal environment, followed by a presentation, fun quizzes, and games.

Program detail:

SEMAWANG BEACH CLEAN UP & SEAGRASS OBSERVATION

Participants are divided into groups. The competition starts with trash collection. The most collected non-organic trash will get points.

OPENING | Introduction

- CTC Intro & Briefing of the day program.
- Basic Marine Protected Areas | Quizzes: After the session, participants are challenged with quizzes.
- Game | Fish Length Estimation Exercise.
- Game | Tragedy of the Common (Fishing Game).
- Escape Room (Group 1) – to exchange the activity with group 2. Groups are required to complete the challenge in the Escape Room in time.
- Trash Art Competition (Group 2) – to exchange the activity with group 1. Groups are required to create a useful item made from the trash collected during Beach Clean Up.

CLOSING

The facilitator will lead an evaluation of the whole program and announce the winner of the competition. Farewell.

C-A-S feature

Creativity: Create useful items made from trash

Service Challenge: Beach cleaning

Meals: Breakfast / Lunch / Dinner

Accommodation: Holiday Inn Express Kuta (Standard) or similar

DAY 05

ACTIVITY & SERVICE: MANGROVE CONSERVATION & ECO PARK BY ROLE FOUNDATION (B,L,D)

After breakfast, visit 'Zero Waste to Oceans' (managed by the ROLE Foundation) at the Eco Park in Nusa Dua. Here you will learn about how you can save our Earth (and 'Think Globally').

After an insightful discussion about 'Mother Earth' and sustainability, participants are divided into 3-4 groups for the following workshops:

Composting: groups will learn about layered composting and microorganisms.

Plant a seedling: groups will discuss seed banks and how to plant seedlings.

Tree Planting: groups will learn how to plant a tree as well as where and why.

At the end of the interactive workshops, the group will gather to go over what they have learned during the day and how they can take advantage of some of the ideas once they return home.

Lunch will be served at a local restaurant.

After lunch, you will head to the next activity at the mangrove forest of Tuban. Here you will interact and work with the local fishermen's community that takes care of the mangrove forest and habitat. They will introduce you to breeding, a nursery, and a waste cleaning activity, and teach you about the importance of mangroves. Leave something behind and plant some mangrove trees yourself!

End the afternoon with a mangrove tour using traditional boats or canoes, depending on the sea level (high and low tide conditions).

*Run-down of activity could be changed. It could start at Mangrove forest or ROLE Foundation, depending on the seawater level.

Return to the hotel and have dinner.

C-A-S feature

Activities: Learn how to plant a tree

Service Challenge: Taking care of a mangrove forest

Meals: Breakfast / Lunch / Dinner

Accommodation: Holiday Inn Express Kuta (Standard) or similar

DAY 06

KUTA HOTEL - DEPARTURE

Your guide will meet you at your hotel in Kuta and transfer you to the airport for your flight. The room is at your disposal until noon time only. Meals are at your own arrangement.

End of the trip.

Meals: Breakfast
