Golf

Golf enthusiasts in your group? You've come to the right place!

Simply get in touch with us below and let us know your players profile and wishes and we'll propose you the most suited course, as well as take care of any logistical requirements like transfers, your favorite refreshments and more!

A few of our preferred courses in Cancun & Riviera Maya:

Mayakoba El Camaleón

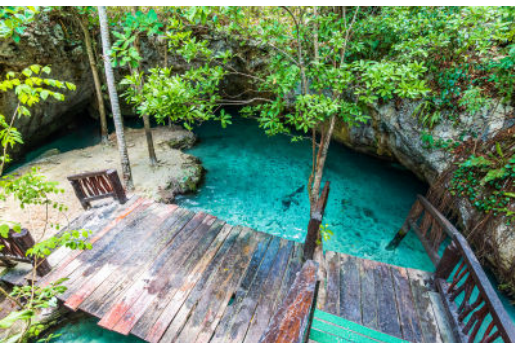

Designed by legendary Australian golfer Greg Norman, El Camaleón made golf history in 2007 when it became the home of the Mayakoba Golf Classic, the first PGA TOUR event to be contested outside the US and Canada. The course offers constantly changing views as it winds through three diverse ecosystems: the Mayan jungle, mangrove wetlands and the Caribbean coastline. Distinctive hazards such as cenotes (sink holes), extensive bunkers and crystal-clear fresh water canals are unique features of El Camaleón, certified by Audubon International for its commitment to the environment.

Hard Rock Riviera Maya

Beautifully designed by Robert Von Hagge in a dense tropical jungle, this perennial favorite is one of the toughest courses in all of Mexico. Seemingly carved out of the enigmatic Mayan Jungle, this is a magnificent juxtaposition of wild natural beauty and man-made features. If you do seek a challenge, Hard Rock Golf Club Riviera Maya provides it. Rolling mounds and sloping fairways create lies that will test the best players, while several holes present blind tee shots or approach shots.
