- Little Red Dot – Private City Tour
- Uncut Singapore – Private Tour
- Gardens and Satay by The Bay – Private Tour
- Mount Faber Trails and Garden Tea – Private Tour

## Itinerary summary

### Day 1: Welcome to Singapore!

Upon arrival, your guide will escort you to your private transport and hotel for check-in. Once settled in, visit the Gardens by the Bay, an outstanding showpiece of horticulture and garden artistry. Explore its two conservatories, the Cloud Forest and the Flower Dome, and the SuperTree Grove (measuring between 25 and 50 metres tall). Next, at the Satay by the Bay, chomp into succulent satay, meat marinated in special spices, skewered and grilled over flaming charcoal and Hokkien Mee, a local favourite noodle dish cooked in a unique broth.

### Day 2: Uncut Singapore

Discover the history of the "Little Red Dot", the tender nickname the nation of Singapore has proudly claimed for fitting its larger-than-life status within its tiny borders. Start the adventure aboard a bumboat, a traditional water transportation vehicle used for decades to ferry people and products across the Singapore River. Hop off after your river tour, and explore the city's best-kept secrets, eclectic districts and the local life you wouldn't normally get to see. Dive below the glitz of this modern city-state and uncover its heritage, culture and friendly atmosphere as you meander its urban streets.

### Day 3: Nature's calling

Well known as the Garden City, a large part of Singapore's land remains untouched and its natural beauty preserved. During this three-and-a-half-hour trip, you'll get a packed breakfast from a local coffee shop and head out on a 3.5-kilometre forest journey to Mount Faber at the tip of Singapore's main island. Get rewarding Singapore city and Sentosa Island views as you cover the simple trails, and admire the futuristic architecture along the route. End the trip at a scenic park that is especially popular among locals. Relax and enjoy your packed morning tea and meal to round off the excursion.

### Day 4: Free day

A day to explore the city on your own.

### Day 5: Departure

Enjoy breakfast and your morning at leisure (depending on flight schedule). Check out of your accommodation and enjoy your private transfer back to the airport.
