Half-Day

This Discova experience attempts to demystify the lives of ladyboys in Chiang Mai and shed light on the incredible journeys of these queer performers.

Thailand's Ladyboy culture is often discussed in hushed voices, and its flamboyance raises many eyebrows while simultaneously garnering curiosity from visitors. But who are these gregarious, cheerful people whose sense of rhythm and style would put the most ardent fashionistas to shame? This Discova tour attempts to uncover precisely that.

Our tour starts with a pickup from your Chiang Mai hotel and a visit to a bustling nearby night market. Our knowledgeable and charismatic ladyboy guide will introduce you to the local cuisine by taking you to various vendor stalls and sharing insights about the culture and community of ladyboys in Chiang Mai.

Next, we'll head to a popular bar, where our guide will order drinks for you and arrange for a special meet-and-greet with the place's owner or the performers. After an incredible performance, the dazzling artists will share their personal stories and experiences (subject to their availability and schedule) about being part of the ladyboy community, lending a rare and fascinating glimpse into their lives.
